

Trans-Tasman T'Shirt

The Selection Policy & Criteria for Trans-Tasman 2018 is available on the Archery NZ Website under the Downloads tab. If you are not in the required age group, but someone in your household or club is then please make them aware of this as we would love to have a large team competing in Australia in 2018.

Also we ask that you encourage your clubs to consider running some junior tournaments to assist our young upcoming archers and give them the opportunity to gain the scores required to apply to be part of the New Zealand Team to battle the Australians.

We also have a Trans-Tasman shooting shirt design competition running with a very generous prize of a \$50 voucher donated by Archery Warehouse for the winning shirt design.

But wait, there's more..... it seems Sarah Fuller put the challenge out to up the ante on this and pledged \$50 for to add to the voucher value, then Richard Bennett got on board with a further \$50 - so voucher from Archery Warehouse is now \$150!

But it didn't stop there, Caveman NZ offered an extra \$100 & Benjamin Sitar from XsWings is also offering a €50 voucher from the website! Thank you all and what an awesome prize up for grabs!

TRANS-TASMAN SHIRT DESIGN COMPETITION

We are looking for designs for a NZ Team shirt to be worn in at the 2018 Trans-Tasman in Australia.

The shirts will still have the Archery NZ logo on the front chest and the Name and New Zealand put on the back but for the rest of it we want something that reflects the sport, New Zealand and the event. So put your thinking caps on, get creative and either send us a drawing on the template provided or write out your idea description.

Competition is open to all Archery NZ Members and entries need to be received via email to secretary@archerynz.co.nz before 1st November 2017. Include your name, membership number and contact details.

The entries will be judged by a panel of 3 headed up by Mark Collins (shirt designer extraordinaire) and here is a template to help out.

If you want to use the template below provided for your own ideas and send in a snap of your colouring to the Archer, it will be posted on the NZ Archer Facebook page to be voted on!
